ADVANTAGE OF YESO AS COUNTY SEAT

In presenting herself to the voters of De Baca County as a candidate for the county seat.

Yeso asks the careful consideration of the advantages she has to offer which are set forth below:

Yeso will donate one hundred and fifty lots to be sold, the proceeds to be applied toward erecting the county buildings. In the event Yeso obtains the county seat a generous-sized plot of land in an excellent location will be furnished as a site for the buildings. It is an obvious fact that these donations will materially reduce the cost to the taxpayers.

Yeso is located in the heart of the cow country of this county, is surrounded by a successful dry farming population; has resources in process of development which will make this one of the richest communities in the country. Inexhaustible supplies of shallow water which abound here will be used extensively in irrigation making the owners rich and conferring benefit upon the whole population.

The contour of the country around Yeso is such that roads can be built and maintained at a very low upkeep expense. If you are a fore-sighted taxpayer the knowledge that there are no creeks or rivers to be bridged, comparatively little sand, insuring low cost and maintenance, should influence you in your vote. A road supervisor has recently been appointed for this precinct who is now busy putting the roads of this vicinity in first class shape and expect to keep them that way.

The people in the BIG end of the county are prosperous, christian, enterprising, and quick to lend a hand in the upbuilding of the country. The three stores, blacksmith shop, large lumber yard, garage, and there is money

in circulation in this country. Money will be spent honorably in interesting the voters of the county in Yeso for the county seat.

Yeso has good schools; a larger building is to be erected in the near future. There are three church organizations here. Public opinion exerts itself in a wholesome way and is always on the right side, of every question.

The Adamson eight hour law has put Yeso in position to obtain a round house and machine shops, it being eight hours run west of Clovis. People are making homes in this country every week. Money is being subscribed for the erection of a bank and a large, modern well equipped garage is in process of construction. It can be safely said that the bank is assured. Thus, Yeso is experiencing growth and development of a healthy nature.

Yeso wants the county seat and expects to make use of all honorable means to obtain it. If you, Mr. Voter, want the county seat located at a place which will be most convenient for the greatest number of people for all the time to come, in the most accessible place in the county, nearer the geographical centre of the county than any other town aspiring for the county seat, if you want the county seat located where it will be least expensive to the taxpayers if you want the county seat located in the best place, in a place where it will be used and appreciated and will confer the greatest good on the greatest number of people—VOTE FOR YESO

WERE YOU SURPRISED?

Oh! no they did not elope or escape they both just started, one from Texas and one from New Mexico, and by previous arrangements, met near the state line in Clovis Tuesday and with license secured began the search of a much needed minister but for hours (which to them seemed eternity) they looked in vain, but as luck always come to those who work for it. They all at once faced Dr. J. R. Carver who it seems had just dropped from the sky at least he seemed to be heaven sent as he at once pronounced the words that made Mr. N. A. Vaughter of Taiban and Mrs. Buleah Boatright of Commerce Texas, husband and wife. We extend the hand of welcome to these good people. They need no introduction here as they are both well known and highly respected by everyone. The News joins their many friends in wishing them a life of unalloyed happiness.

Mrs. Thurmond's many friends will be glad to know that she is able to be out again after her illness.

Willie Lewis of Dereno was in town Thursday.

Rossell Culbertson, of La Lande was in Taiban Thursday.

No rain yet but our time is coming and some of us will no be ready. The doors and windows will be open, the children or some of the various things will be out of place.

Mrs. C. F. Wheeler returned this week after visiting several weeks in Illinois.
